Crisis Access Point (CAP)

Jeff City
NOW OPEN

227 Metro Drive
Jefferson City, MO 65109

General CAP:
833-356-2427

CAP Director:
Martika Harris
573-284-4192

660-207-7440 (Fax)
cap@compasshn.org

The goal of the Crisis Access Point (CAP) is to provide a safe and less costly alternative to divert individuals arrested, away from jail and emergency rooms and into treatment services. These services would allow for further observations, connecting the individual to ongoing care, and avoiding inpatient admission.

Access To Care

The crisis centers are a 24/7/365, no wrong door entry program that provides rapid access to triage, stabilization services, and linkage to appropriate community services for individuals experiencing a behavioral health crisis.

Our Team

Our staff are a multi-disciplinary team that includes registered nurses, case workers, mental health technicians, licensed qualified mental health professionals and psychiatrists/physicians assistants.

Resources

The crisis center works in collaboration with local social service providers to develop needed resources and enhance the existing system of care.

Who We Serve

Adults, 18 and over, who are underserved, underinsured and uninsured and dealing with a mental health or substance use crisis.

For information about the development of the Crisis Access Point (CAP), please call Jamie Bartin at 888-237-4567.
