3,185 

Veterans & active military served by CCBHCs

 **26%** Overall increase in veterans and active military served from baseline to Year 5

Reducing Hospital & ED Utilization

CCBHCs have shown a reduction in the number of ED and hospital encounters (per 1,000 member months)

 **16%**
Decrease in ED visits from baseline (2016) to 2021

 **27%**
Decrease in hospitalizations from baseline (2016) to 2021

Providing Medication Assisted Treatment

CCBHCs are providing **156%** more patients with medication assisted treatment

Law Enforcement Collaboration

“Many communities continue to face pervasive gaps in mental health services, especially crisis services, placing a heavy burden on law enforcement agencies and, in particular, officers. Without access to appropriate alternatives, officers are often left with a set of poor choices: leave people in potentially harmful situations, bring them to hospital emergency departments, or arrest them.”

Publication from Bureau of Justice Assistance & Council of State Governments Justice Center, April 2019

Missouri Success

22,438

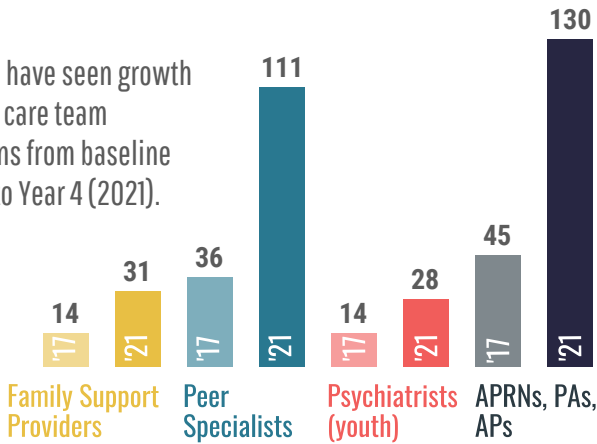

Total referrals from law enforcement in one year July 2021- June 2022
