

STATEWIDE SEQUENTIAL INTERCEPT MODEL

MISSOURI

SIM

WEBINARS

The Missouri Behavioral Health Council and the National Center for State Courts (NCSC) are hosting a series of four webinars to provide more information about the paths forward following county Sequential Intercept Model (SIM) mapping workshops. These webinars will provide national and state perspectives of different opportunities to improve behavioral health responses in your court and community.

1

May 14, 2025 | 12:00-1:00 pm

Conference of Chief Justices and
Conference of State Court Administrators
Mental Health Task Force
Recommendations and Resources:
Moving the Missouri SIM Initiative Forward

This webinar will provide an overview of the Task Force work, recommendations, and resources and provide concrete examples for courts and stakeholders. Register below.

3

June 6, 2025 | 12:00-1:00 pm

Diversion

States and communities provide different types of resources, services, and treatment practices for individuals with behavioral health needs. The complete range of programs and services is referred to as the continuum of care. This webinar will provide an overview of an ideal behavioral health continuum of care, other state examples of diversion, and Missouri examples of diversion. Register below.
