Behavioral Health Urgent Care

The Behavioral Health Urgent Care Center is a one-of-a-kind collaboration with multiple community partners, bringing together the clinical expertise of SSM Health's trusted behavioral health team and the comprehensive support of local mental health resources.

Concerns we commonly address

- Depression
- Anxiety
- Stress
- Grief reactions
- Medication issues
- Mood disturbances
- Psychosis
- Distortion or disconnection from reality

What to expect

Once a patient arrives in our clinic, they'll register and meet with a nurse for a triage assessment. Depending on the reason for the visit, patients may be further evaluated/assessed by a therapist, nurse practitioner, psychiatrist, peer navigator, or other behavioral health staff. The treatment team addresses urgent concerns, makes follow-up appointments, and assists with additional resources as needed.

Individuals experiencing a medical emergency should call 911 or go to the nearest emergency room.

Location

SSM Health DePaul Hospital Campus

12355 DePaul Drive, Suite 150 | Bridgeton, MO 63044

Please use parking lot #8 along DePaul Drive
